### About This Content

**RELIC BOLTER:** A masterpiece of the Techmarine's craft, this gleaming bolter is among the most prized items in the chapter armory. Firing self propelled explosive tipped rounds, it is said to be the Emperor's will made manifest.

warhammer 40k space marine golden relic bolter

This is a cool DLC. These weapons are one of the best in-game!

I will do some pros and cons for the DLC

#### PROS

- The DLC gives you 2 weapons, Relic Bolter and Possessed Bolter
- You can show off the work of your Chapter's Techmarine in a way the Emperor intended it
- The daemon within the Bolter wants to spill blood and frankly why not let it do its thing
- Weapons are purely cosmetic items, same perks can be applied to them and they have the same damage output as the regular Bolter
- The DLC is not pay-2-win

#### CONS

- Cannot be used in Singleplayer

I recommend it. 9/10 would destroy my enemies with these Bolters again!
